LICENSING terms

Included in the "copyright"

- Reproduction/publishing right
- Control over derivative works
- Distribution
- Public performance
- Moral rights such as attribution

Ideas and information are not covered by copyright,
how they are expressed are.

Copyright

- A type of intellectual property that gives **its owner** the exclusive right to make copies of a creative work.
- DOAJ interested in two things only: **whether the author retain copyright <u>and</u> publishing rights**.

Author(s)

Copyright

Publishing
Right

Recommendations

- **Unrestricted** copyright for <u>the author</u>
- No **exclusive** publishing rights for the journal
- No transfer of commercial rights
- Use of Creative Commons licensing
- Embedded licensing information with articles
- Permanent article identifiers
- No mention of impact factors
- **NEVER ALL RIGHTS RESERVED**
